CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2016. Hardback. Book Condition: New. 2nd Revised edition. 247 x 174 mm. Language: English . Brand New Book. Andrew Radford has acquired an unrivalled reputation over the past thirty years for writing syntax textbooks in which difficult concepts are clearly explained without the excessive use of technical jargon. Analysing English Sentences continues in this tradition, offering a well-structured introduction to English syntax and contemporary syntactic theory which is supported throughout with learning aids such as summaries, lists of key hypotheses and principles, extensive references, handy hints and exercises. Instructors will also benefit from the book s free online resources, which include PowerPoint slides of chapter key points and analyses of exercise material, as well as an answer key for all the in-book exercises. This second edition has been thoroughly revised and updated throughout, and includes additional exercises, and an entirely new chapter on exclamative and relative clauses. Assuming no prior knowledge of grammar, this is an approachable introduction to the subject for undergraduate and graduate students.
