Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Createspace, United States, 2013. Paperback. Book Condition: New. Randy Webb (illustrator). 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.I rescued Petey Pup, a street urchin, from abuse by a neighbor kid. I never intended to adopt him, just clean him up and find his family. Failing that, he needed a new home and my sister, Peggy, came to mind. My dog update emails to her became an entirely different exchange when Petey took over the keyboard. He shared his adventures and down-home dog wisdom with Aunt Peggy, who shared his email stories with her daughter, a neighbor, and residents in a retirement community where she worked. He charmed them all. Then, when I began collecting the emails for this book, Petey expanded his email repertoire by including his own vet, boarding, and grooming appointments. All were happy to respond to him. Join Petey and his comrades, Black Bart and Miss Ginga, and his cat nemesis, Bonzie, as Petey captures their triumphs, travails, and a few uh-ohs in his emails to Aunt Peggy.
