The Soft Tissue Release Handbook: Reducing Pain and Improving Performance

By Mary Sanderson, Jim Odell

NORTH ATLANTIC BOOKS, United Kingdom, 2013. Paperback. Book Condition: New. 272 x 211 mm. Language: English . Brand New Book. For practitioners of massage therapy, sports massage, remedial massage, and physical therapy, soft tissue release is a powerful tool in treating chronic pain conditions such as shoulder impingement, tennis elbow, and iliotibial band friction syndrome. Soft tissue release also aids post-surgical recovery and is used in the treatment of highly trained athletes, dancers, and musicians who wish to tackle those small but key tissue areas needed to maintain and improve their performance. The soft tissues consist of muscle fibers, myofascia, tendons, and ligaments. The all-encompassing nature of this connective tissue is becoming increasingly fascinating to bodywork practitioners of all kinds, including massage therapists, physical therapists, chiropractors, osteopaths, orthopedic nurses and doctors, and sports therapists. Treatment of the soft tissues continues to gain momentum, and there are many exciting research developments that demonstrate how manipulation of these tissues can have profound effects on the structure and function of the musculoskeletal system. Skilled release of the soft tissues reduces the need for adjustments or joint mobilizations, because appropriate release improves joint movement. Freeing the joints and enhancing the health of the soft...

Reviews

Complete guideline! Its this type of great read through. it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.

-- **Joshua Gerhold PhD**

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
