Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.This book serves as an illustration of my crash course in our faith, in Christianity as a whole, over the past three years. For 30+ years, I lived a life for me and the world, letting God tag along (especially when I needed something that natural couldn't deliver.) Then I woke up. We are faced with a crazy amount of intolerance - yet we are called intolerant. We are faced with an insane amount of hatred - yet we are called haters. We are faced with an almost unbearable amount of labeling and judgment - yet we are called judgmental. We are faced with forced secularism in our daily lives while a godless society tries to stamp out the fire of the Holy Spirit. Enough is enough. If for no other reason, one would have to think there's something to this whole Christianity business since the world, the sold-out mainstream media and other major religions all come together to finger-point and cast doubt on our faith in what I consider the longest smear campaign in the history of history. The following chapters hope to shed new light on Christian origins, history, faith and politics.
