

## Economics Made Easy and Stimulating New Expanded Edition: Quick Revision Notes Articles to Stimulate Economic Reasoning

Filesize: 2.89 MB

### **Reviews**

*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.*

## ECONOMICS MADE EASY AND STIMULATING NEW EXPANDED EDITION: QUICK REVISION NOTES ARTICLES TO STIMULATE ECONOMIC REASONING

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 186 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. A TIME-SAVING, EASY AND INTERESTING WAY TO MASTER ECONOMICS IS HERE IN THIS BOOK! To many GCE A Level students, a number of concepts in economics are abstruse and daunting, even dry and boring. This book addresses this problem by bringing such concepts down to a bitable, digestible and interesting level. GCE A Level students and students preparing for other economics exams such as the BBA, RSA, LCCI, GRE, and even the GCE O Level, exams should find this book useful, interesting and reader-friendly, especially for quick revision. The book covers more than the GCE A Level Economics syllabus. It is not necessary to have a basic foundation in economics to pick up economics with all its abstruseness and complexities, as this book explains the ideas of economics in as simple and accessible a fashion as possible, whereby even lay people, e. g. , general readers without any knowledge of economics at all, would benefit. There is a slew of very important economic knowledge and insights in the Quick Revision Notes, Articles To Stimulate Economic Reasoning and Appendix. There is also a number of useful business ideas, e. g. , marketing concepts, entrepreneurship, finance and banking, etc. , which should be of interest to both economics students (who are budding or potential business practitioners) and business practitioners alike. The ideas in this book are expected to stimulate, provoke, thought, interest, even controversy and debate, as economics is not an exact science - this should make economics meaningful and come alive (and not just another boring subject for passing exams). The author is optimistic, and, hopeful, that the implementation of these ideas would solve or, at least, alleviate our economic and social...
