Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Diagnosis of Surgical Cancer I Have first to thank the profession for the very favorable reception accorded to the former edition of this Essay: on that reception rests the apology for the comparatively early appearance of this edition. In the present edition will be found 1, a multiplication of observed facts; 2, the more matured reflections I have brought to bear on the interpretation of these facts; 3, three additional Chapters - those on the Classification of Cancer, on Colloid Cancer and on Epithelioma. In the present utilitarian age the question often arises, what practical benefit ensues from the study of the pathology of an incurable disease; how much nearer do we approach the cure of Cancer? I regret to say we are as far off the cure of real Cancer, as we were in the days of Hippocrates. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
