Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The history of the borders is filled with legends of the sufferings of isolated families, during the troubled scenes of colonial warfare. Those which we now offer to the reader, are distinctive in many of their leading facts, if not rigidly true in the details. The first alone is necessary to the legitimate objects of fiction. One of the misfortunes of a nation, is to hear little besides its own praises. Although the American revolution was probably as just an effort as was ever made by a people to resist the first inroads of oppression, the cause had its evil aspects, as well as all other human struggles. We have been so much accustomed to hear everything extolled, of late years, that could be dragged into the remotest connection with that great event, and the principles which led to it, that there is danger of overlooking truth, in a pseudo patriotism. Nothing is really patriotic, however, that is not strictly true and just; any more than it is paternal love to undermine the constitution of a child by an indiscriminate indulgence in pernicious diet. That there were demagogues in 1776, is as certain as that there are demagogues in 1843, and will probably continue to be demagogues as long as means for misleading the common mind shall exist.
